

Manual Bookado for Teams installation

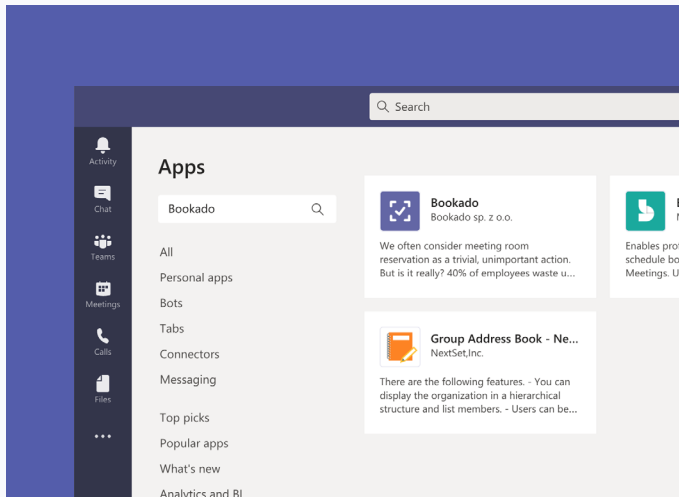

Step 1

Open your Teams application and expand the menu hidden in three dots at the bottom of the application menu.

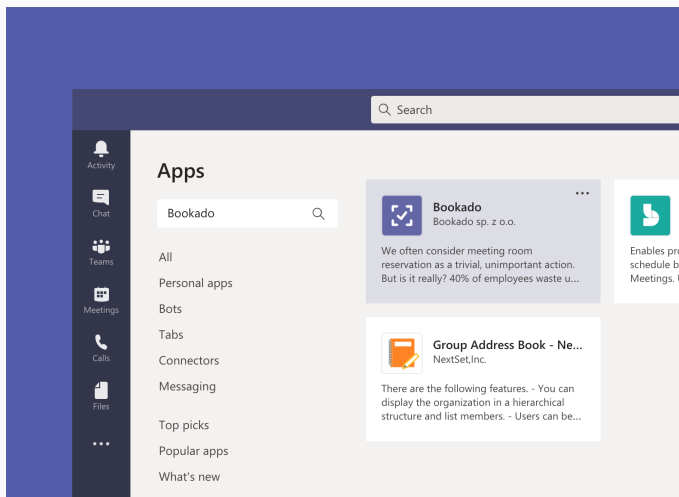

Step 2

Select the “More apps” button in the bottom right corner.

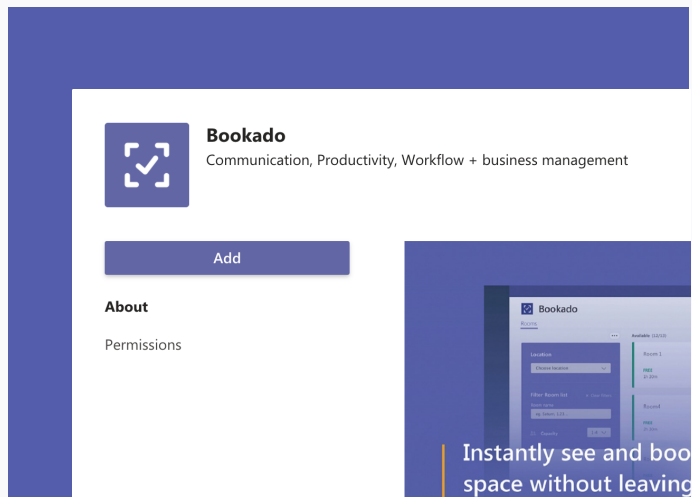

Step 3

Enter "Bookado" in the search bar.

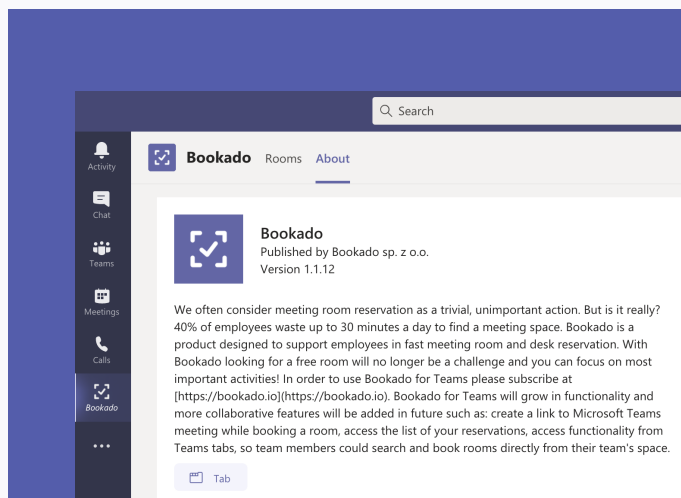

Step 4

Select "Bookado".

Step 5

Click “Add” install the application.

Step 6

Bookado will appear on the applications list.
